JORDAN INVESTMENT TRUST COMPANY
(PUBLIC SHAREHOLDING COMPANY)

INTERIM CONDENSED CONSOLIDATED FINANCIAL
STATEMENTS (UNAUDITED)

30 JUNE 2020

**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE
BOARD OF DIRECTORS OF JORDAN INVESTMENT TRUST COMPANY
AMMAN - JORDAN**

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of **JORDAN INVESTMENT TRUST COMPANY (PUBLIC SHAREHOLDING COMPANY)** ("THE COMPANY") and its subsidiaries ("together the Group") as of 30 June 2020 comprising of interim consolidated statement of financial position as of 30 June 2020 and the related interim consolidated income statement, interim consolidated statement of comprehensive income, interim consolidated statement of changes in equity, and the interim consolidated statement of cash flows for the six months period then ended and explanatory notes. Board of directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34.

Amman – Jordan
5 August 2020

JORDAN INVESTMENT TRUST COMPANY (PUBLIC SHAREHOLDING COMPANY)
NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
30 JUNE 2020 (UNAUDITED)

(1) GENERAL

Jordan Investment Trust was incorporated in Jordan as a public shareholding company and registered on April 23, 1998 with an authorized capital of JD 20,000,000 divided into 20,000,000 shares, at a par value of 1 JD each. The authorized and paid up capital was increased several times over the years to reach JD 27,270,078.

The main objectives of the Company are to invest in all available fields of investment in industrial, agricultural, financial, real estate, tourism and services sectors, and in particular to purchase and hold shares, allotments, real estate, bonds and manage investment portfolios. Other activities include, providing consulting services and capital market operations services which support and foster investment, acting as a broker in organizing the capital financing operations required for establishment, expansion and development of the companies including the undertakings of issuance of shares and bond or participate with the gatherings that aim to such undertakings.

The Company's registered office is located in Jabal Amman, Amman – The Hashemite Kingdom of Jordan.

The main objectives of the subsidiaries are to invest in all available fields of investment.

These financial statements were authorized for issuance by the Board of Directors on 29 July 2020.

The company's shares are listed in Amman Stock Exchange.

(2) BASIS OF PREPARATION AND THE ACCOUNTING POLICIES

BASIS OF PREPARATION

The accompanying interim condensed consolidated financial statements for the Group as of 30 June 2020 have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting".

The interim condensed consolidated financial statements have been presented in Jordanian Dinars "JD" which is the functional currency of the Group.

The financial statements are prepared under the historical cost convention except for financial assets at fair value through profit and loss and financial assets at fair value through other comprehensive income which have been measured at fair value at the financial statements date.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Group's annual financial statements as at 31 December 2019. In addition, the results for the six months ended 30 June 2020 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2020.

BASIS OF CONSOLIDATION

The interim condensed consolidated financial statements comprise the financial statements of Jordan Investment Trust Company and its wholly owned subsidiaries. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary.

Group controls an investee only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses, profits and losses relating to transactions between members of the Group are eliminated.

JORDAN INVESTMENT TRUST COMPANY (PUBLIC SHAREHOLDING COMPANY)
NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
30 JUNE 2020 (UNAUDITED)

A change in the ownership interest of a subsidiary, without a change of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- Derecognises the carrying amount of any non-controlling interest;
- Derecognises the translation reserve of the foreign currencies
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained in the subsidiary;
- Recognises profit or loss resulting from controlling loss ; and
- Reclassifies the company's share of components previously recognised in other comprehensive income to profit or loss.

CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2019 except for the adoption of new standards effective as of 1 January 2020 shown below:

Amendments to IFRS 3: Definition of a Business

The IASB issued amendments to the definition of a business in IFRS (3) Business Combinations to help entities determine whether an acquired set of activities and assets is a business or not. They clarify the minimum requirements for a business, remove the assessment of whether market participants are capable of replacing any missing elements, add guidance to help entities assess whether an acquired process is substantive, narrow the definitions of a business and of outputs, and introduce an optional fair value concentration test.

The amendments must be applied to transactions that are either business combinations or asset acquisitions for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2020. Consequently, the Group does not have to revisit such transactions that occurred in prior periods. Earlier application is permitted and must be disclosed.

Since the amendments apply prospectively to transactions or other events that occur on or after the date of first application, the Group was not be affected by these amendments on the date of transition.

Interest Rate Benchmark Reform Amendments to IFRS (9) and IFRS (7)

Interest Rate Benchmark Reform Amendments to IFRS 9 and IFRS 7 includes a number of reliefs, which apply to all hedging relationships that are directly affected by interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument. As a result of interest rate benchmark reform, there may be uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument during the period before the replacement of an existing interest rate benchmark with an alternative risk-free interest rate (an RFR). This may lead to uncertainty whether a forecast transaction is highly probable and whether prospectively the hedging relationship is expected to be highly effective.

The amendments provide temporary reliefs which enable hedge accounting to continue during the period of uncertainty before the replacement of an existing interest rate benchmark with an alternative risk-free interest rate (an "RFR").

The effective date of the amendments is for annual periods beginning on or after 1 January 2020, with early application permitted. The requirements must be applied retrospectively. However, any hedge relationships that have previously been de-designated cannot be reinstated upon application, nor can any hedge relationships be designated with the benefit of hindsight.

With phase one completed, the IASB is now shifting its focus to consider those issues that could affect financial reporting when an existing interest rate benchmark is replaced with an RFR. This is referred to as phase two of the IASB's project.

These amendments do not have any impact on the Group's consolidated financial statements.

JORDAN INVESTMENT TRUST COMPANY (PUBLIC SHAREHOLDING COMPANY)
NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
30 JUNE 2020 (UNAUDITED)

(3) SEGMENT INFORMATION

Segment information for the basic sectors:

For management purposes, the Group is organized into two major business segments:

Financial investments - Principally trading in equities and bonds, in addition to investment in associates and deposits at banks and act as a custodian.

Investment properties - Principally trading and renting properties and land owned by the Group.

These segments are the basis on which the Group reports its primary segment information.

Below are the segment information:
