REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE CHAIRMAN AND BOARD OF DIRECTORS OF INVEST BANK (PUBLIC SHAREHOLDING COMPANY)

### Introduction

We have reviewed the accompanying interim consolidated statement of financial position of Invest Bank as of 31 March 2017 and the related interim consolidated statements of income and comprehensive income, interim consolidated statements of changes in equity and cash flows for the three months then ended. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (34) "interim financial reporting". Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (2410) "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not properly prepared, in all material respects, in accordance with International Accounting Standard (34).

### **Other Matters**

The interim condensed consolidated financial statements have been prepared in accordance with the listing instructions of Amman Stock Exchange and for management purposes and they are not subject to the approval of the Central Bank of Jordan.

### (3) ACCOUNTING ESTIMATES

Preparation of the interim condensed consolidated financial statements and the application of the accounting policies require the Bank's management to perform assessments and assumptions that affect the amounts of financial assets and liabilities, fair value reserve and the disclosure of contingent liabilities. Moreover, these assessments and assumptions affect revenues, expenses, provisions, and changes in the fair value shown within the consolidated statement of comprehensive income. In particular, this requires the bank's management to issue significant judgments and assumptions to assess future cash flow amounts and their timing. Moreover, the mentioned assessments are necessarily based on assumptions and factors with varying degrees of consideration and uncertainly. In addition, actual results may differ from assessments due to changes resulting from the conditions and circumstance of those assessments in the future.

The significant estimates used by management in the preparation of these interim condensed consolidated financial statements applied in the accounting policies as well as the sources of estimates in cases of uncertainty are consistent with those used in the preparation of the consolidated financial statements as of and for the year ended on 31 December 2016.
