**REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
TO THE CHAIRMAN AND BOARD OF DIRECTORS OF INVEST BANK
(PUBLIC SHAREHOLDING COMPANY)**

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Invest Bank as of 30 June 2017 and the related interim condensed consolidated statements of income and comprehensive income, for the three months and six months then ended and the interim condensed consolidated statements of changes in equity and cash flows for the six months then ended. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (34) "interim financial reporting". Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (2410) "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not properly prepared, in all material respects and in accordance with International Accounting Standard (34).

Other Matters

The bank financial year ends in 31 December of each year. The interim condensed consolidated financial statements have been prepared in accordance with the listing instructions of Amman Stock Exchange, Central Bank of Jordan and for management purposes and require the approval of the Central Bank of Jordan.

For and on behalf of PricewaterhouseCoopers "Jordan" L.L.C.

(1) GENERAL INFORMATION

Invest Bank (the "Bank") was established as a Jordanian public shareholding company under registration No. (173) dated 12 August 1982 in accordance with the Companies Law No. (12) for the year 1964 with a paid in capital of JD 6 million distributed over 6 million shares with a par value of JD 1 per share. The Bank's capital was increased several times to become JD 77,500,000 / share as of 31 December 2010. Furthermore, during 2011, the Bank's capital was increased to JD 85,250,000 / share. Finally, the Bank's capital was increased by JD 14,750,000 on 10 April 2013. Accordingly, the Bank's authorized and paid in capital became JD 100 Millions / share.

The Bank's Head Office is located in Amman, Abd Alhameed Sharaf Street, Shmesani, Tel: 06-5001500, P.O Box 950601, Amman – 11195 Jordan.

The Bank provides banking and related financial services through its Head Office, its twelve branches in the Hashemite Kingdom of Jordan, and through its subsidiaries. .

Invest Bank is a public shareholding company listed in Amman Stock Exchange.

These interim condensed consolidated financial statements have been approved by the Board of Directors in its meeting held on 19 July 2017 and subject to Central Bank of Jordan approval.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies used by the Bank in the preparation of these interim condensed consolidated financial statements.

2.1 Basis of preparation

The interim condensed consolidated financial statements of the Bank have been prepared in accordance with International Accounting Standards No. (34) ("interim financial reporting"), and in accordance with the local laws and the instructions of Central Bank of Jordan.

The reporting currency of these interim condensed consolidated financial statements is the Jordanian Dinar which is the functional currency of the Bank.

The interim condensed consolidated financial statements are prepared under the historical cost convention, except for financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and financial derivatives that have been measured at fair value at the date of these interim condensed consolidated financial statements. Hedged assets and liabilities are also stated at fair value.

These interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the consolidated financial statements of the Bank for the year ended 31 December 2016. Furthermore, the results of operations for the six months ended 30 June 2017 do not necessarily reflect the expected results for the year ending 31 December 2017, except for not appropriating the profit of the six months ended on 30 June 2017 which is usually performed at year end.

2.2 Changes in accounting policies and disclosures

The accounting policies applied in preparing these interim condensed consolidated financial statements agree with those used in preparing the consolidated financial statements for the Bank for year ending 31 December 2016, except applying new standards and amendments on current standards as mentioned below, which do not apply significant effect on the Bank's interim condensed consolidated financial statements for the six months ending 30 June 2017.

(a) New standards and amendments to standards and interpretations effective for the annual periods beginning after 1 January 2017, applied by the bank in preparing these financial statements and do not have significant effect:

- Amendments to IAS 12 - 'Income tax' which explains measurement and accounting for deferred tax assets.
- Amendments to IAS 7, 'Statement of cash flows'. The amendment requires additional disclosures about changes in liabilities arising from financing activities. The standard is effective for annual periods beginning on or after 1 January 2017 and early adoption is permitted.

(b) New standards and interpretations that have been issued, and are not yet applied for the reporting periods commencing 1 January 2017, not yet early adopted by the bank:

- IFRS 9, 'Financial instruments', addresses the classification, measurement and recognition of financial assets and financial liabilities. The complete version of IFRS 9 was issued in July 2014. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted.
- IFRS 15, 'Revenue from contracts with customers' deals with revenue recognition and establishes principles for reporting useful statements to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. The standard is effective for annual periods beginning on or after 1 January 2018 and earlier application is permitted.
- IFRS 16, 'Leases' which will replace IAS 17 'Leases'. The standard requires the lessee to book future lease commitments for all lease contracts including "rights to use assets". The standard is effective for annual periods beginning on or after 1 January 2019 and early adoption is permitted if IFRS 15 is also adopted.
- There are no other standards or amendments that are effective and have material impact on the financial statements of the bank.

2.3 Basics of consolidation

Subsidiaries are the entities that are controlled by the Bank. The Bank controls an entity when, it is exposed to risks, or has a right to variable returns from its involvement with the entity and has the ability to affect those returns through its control over that entity. These transactions, balances, revenue between the bank and its subsidiaries are eliminated.

The interim condensed consolidated financial statements include the financial statements of the Bank and its following subsidiaries:

Company's Name	Paid-in Capital JD	Bank's ownership %	Nature of operations	Location	Date of acquisition
Al- Mawared for Financial Brokerage Company	10,000,000	100%	Financial securities brokerage	Amman	2006
Tamkeen Leasing Company	5,000,000	90%	Lease financing	Amman	2006
Al- Istethmari Latemweel Selselat Al Imdad Company	3,000,000	94%	Management and operation of bonded stores	Amman	2010
Jordanian Company for Factoring *	30,000	100%	Factoring receivables	Amman	2011
Jordan Trade Facilities **	16,500,000	94.9%	Granting Loans and Facilities	Amman	2016
Trade Facilities for Finance Leasing **	2,000,000	94.9%	Lease Financing	Amman	2016

* Jordanian Company for factoring was established on 21 December 2011 and has not commenced its operations as of the date of these interim condensed consolidated financial statements.

** During the second half of the year 2016, the Bank had acquired through his subsidiary (Tamkeen for Finance Leasing) 93.275% from Jordan Trade facilities public shareholder (who owns 100% of Trade Facilities for Finance Leasing Company).

Tamkeen for Finance Leasing had increased during the first half of the year 2017, its share in Jordan Trade Facilities public shareholder Company to reach 93.517%, by that the direct and indirect share of the bank for Jordan Trade Facilities public shareholder had recorded a 94.9% as of 30 June 2017 against 94.7% as of 31 December 2016.

The financial statements of the subsidiaries are prepared using the same accounting policies adopted by the Bank. Changes are made to the accounting policies of subsidiaries, when necessary, to align them with accounting policies adopted by the Bank.

The results of operations of the subsidiaries are consolidated in the consolidated statement of income from the date on which control is transferred to the Bank and cease to be consolidated from the date on which control is transferred from the Bank. The results of subsidiaries acquired or disposed of during the period, are included in the interim consolidated statements of income from the effective date of the acquisition or up to the effective date of disposal, as appropriate. Balances between the Bank and its subsidiaries, and any intra-group transactions are eliminated for consolidation purpose.

Non-controlling interest represents the portion of net profit or loss and net assets not owned directly or indirectly by the Bank in its subsidiaries and is presented in the interim consolidated statement of income and within equity in the consolidated statement of financial position separately from the equity attributable to the shareholders of the Bank.

(3) ACCOUNTING ESTIMATES

Preparation of the interim condensed consolidated financial statements and the application of the accounting policies require the Bank's management to perform assessments and assumptions that affect the amounts of financial assets and liabilities, fair value reserve – net and the disclosure of contingent liabilities. Moreover, these assessments and assumptions affect revenues, expenses, provisions, and changes in the fair value shown within the consolidated statement of comprehensive income. In particular, this requires the bank's management to issue significant judgments and assumptions to assess future cash flow amounts and their timing. Moreover, the mentioned assessments are necessarily based on assumptions and factors with varying degrees of consideration and uncertainty. In addition, actual results may differ from assessments due to changes resulting from the conditions and circumstance of those assessments in the future.

The significant estimates used by management in the preparation of these interim condensed consolidated financial statements applied in the accounting policies as well as the sources of estimates in cases of uncertainty are consistent with those used in the preparation of the consolidated financial statements as of and for the year ended on 31 December 2016.

(22) CAPITAL MANAGEMENT

A. Description of capital

According to the Central Bank of Jordan instructions and in compliance with the capital adequacy requirements, regulatory capital consists of many parts:-

- The first part is the primary capital (Tier 1) 'Going Concern', consists of:
 1. Common Equity Tier 1. (CET1).
 2. Additional capital, Tier 1 (AT1).
- The second part (Tier 2) is supplementary capital used in case of discontinuity (liquidation) 'Going Concern'.
- There is a set group of standards for each of the three types of capital (CET1, AT1, T2) that the financial instruments should achieve before categorizing it to the appropriate classes.

Additionally, the Bank complies with article (62) of the Banks Law which requires the Bank to appropriate yearly to the statutory reserve 10% of its net profits and continues to do so until the reserve equals the Bank's paid-up capital.

B. Regulatory authorities requirements concerning capital and method of fulfilling them

Banks should meet the minimal requirements of capital ratio to risks weighted assets, which are as follows:

1. Minimum common equity should not be less than 6% of risk weighted assets (CET1).
2. Minimum primary capital should not be less than 7.5% of risk weighted assets (Tier1).
3. Minimum regulatory capital should not be less than 12% of risk weighted assets (CAR).

(26) FAIR VALUE HIERARCHY

The below table analyse the financial instruments carried at fair value by the valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for assets or liabilities. Most monetary assets at fair Value taken from comprehensive income statement are in Jordan and Palestine markets.

Level 2: quoted prices in active markets for similar assets or liabilities or other valuation techniques for which all inputs which have a significant effect on the recorded fair value are based on market information.

Level 3: techniques which use inputs which have no significant effect on the recorded fair value that are not based on observable market data, book value was used as it's the most appropriate measurement tool for investments.

(27) EARNINGS PER SHARE FOR THE PERIOD

There are no material differences between the fair value of financial instruments and their carrying value recognized in the financial statements. Moreover, there are no material differences between the fair value and the carrying value of the direct credit facilities, financial assets at amortized cost, banks and financial institutions deposits, customer deposits, cash margins and borrowed funds stated at amortized costs in the interim condensed consolidated financial statements, due to the immaterial difference in the market interest rates for similar financial instruments of the contractual prices and due to the short terms of maturity of the banks and financial institutions deposits. The fair value of financial assets at amortized cost is determined through the quoted prices if available or through the valuation models used for fixed price bonds.
