

A delegation from the Tunis Stock Exchange and the Financial Market Authority in Tunisia visits the ASE

June 13, 2023

The CEO of ASE, Mr. Mazen Al-Wathaifi, received a delegation from the Tunis Stock Exchange and the Financial Market Authority of Tunisia to review the experience of the ASE and the Jordan Securities Commission in applying the Electronic Disclosure System using XBRL language.

where the delegation was briefed on the Jordan's experience in applying the electronic disclosure system using XBRL language, which is used to exchange financial and non-financial data between the stock exchange and its members of financial brokerage firms and listed companies, which contributed to enhancing transparency and raising the level of disclosure efficiency in the Jordanian Capital market. It also contributed in saving time and effort in collecting and analyzing these data, as well as providing all data to investors in both Arabic and English at the same time.

It is worth mentioning that this visit comes within the framework of joint cooperation and exchange of experiences between the capital market institutions in the two countries, for the benefit of these

institutions and our two brotherly countries.
